CURRENCY QUESTION.

President Cleveland's Opinion on the Subject.

THE CARLISLE BILL FAVERED.

While It Is Not Perfect the President Believes That It Is a Step in the Right Direction—There Will Be No Special Message Sent to Congress on the Subject From Present Indications.

WASHINGTON, Jan. 4.—President Cleveland has not yet determined to send a special message to congress on the currency question. It was learned that Secretary Carlisle had mentioned the matter to the president, and it had been discussed in a general way. There had been no conclusion reached, however, and up to the present time the president had not framed such a message, or, in fact, determined to send one.

The president has thrown off his usual reserve in discussing the pending currency bill with members of congress. Chairman Springer of the currency committee, Representative Culberson and several other leaders have called at the White House of late, and have talked at length with the president on the currency question. In those talks Mr. Cleveland has urged the great need of passing some form of currency legislation.

He has pointed out that the Carlisle bill was not a reform of every existing evil of the financial system, any more than the tariff bill was a complete realization of the hopes of tariff reform. Yet, in the judgment of the president, the Carlisle bill was a step in the right direction, and with that accomplished there was hope of progressing until the financial system was perfected at every point.

Mr. Cleveland expressed his approval of the Carlisle bill as a whole and in detail. He did not point out to his callers anything that he regarded as a flaw in it. He expressed the hope that it would receive favorable and speedy action.

DEATH OF MRS. MARY T. LATHRAP.

She Was a Widely Known Temperance Lecturer.

JACKSON, Mich., Jan. 4.—Mrs. Mary T. Lathrap, state president of the Woman's Christian Temperance union for the past nine years and a widely known temperance lecturer, died yesterday from the effects of a cancer. She had been confined to her home for nearly two years with neuralgia prior to her fatal trouble.

Mrs. Lathrap was nearly 57 years of age and was a native of Jackson county. At an early age she was granted permission to preach by the Methodist church. For more than 20 years she has been perhaps the leading figure among the women of Michigan in temperance and missionary work and in advocating reforms tending to the moral elevations of both sexes. As a lecturer and leader in the National Woman's Christian Temperance union she was as well known in other states as in Michigan.

LAVACK-SIDDONS PRIZE FIGHT.

It Was Declared a Draw at the End of the Twelfth Round.

CLEVELAND, Jan. 4.—A 12-round match was fought between Johnnie Lavack of Cleveland and George Siddons of Philadelphia at the Cleveland Athletic club last night. It was decided a draw at the end of the 12th round. Lavack weighed 118 pounds and Siddons 117 pounds.

In the 10th round, when Lavack seemed to have the better of the fight, the electric lights were suddenly extinguished and remained so for four minutes. The rest that Siddons gained during that time was to his advantage. Lavack had the better of the 11th round, but in the 12th Siddons came back at him hard and hit him in the face and body. Lavack fought rather wild and unskilled Siddons reportedly. The decision gave general favor. Peter Maher acted as Siddons' second and Steve Brodie was one of the timekeepers.

—Suicide at Sea.

PHILADELPHIA, Jan. 4.—The American line steamer Kensington, which has just reached this port from Liverpool, reported on New Year's afternoon, Mrs. Catherine Reuertz, steerage passenger, leaped overboard and was drowned. She was a Polish woman, aged 40 years. With six children, the eldest of whom was 12 years and the youngest 9 months, she boarded the ship at Liverpool, to go to Cleveland, where her husband was awaiting her.

Train Robbers Jailed.

VICKSBURG, Miss., Jan. 4.—J. V. Williams and Bud Logue, charged with attempting to rob the Valley route train at Pantherburn last November, were sent to jail here from Rolling Fork yesterday in default of \$2,000 bond each. Barnoy Boykin, the third robber who turned state's evidence, is out on bond. Logue is said to have admitted being one of the party that attacked the train.

PASADENA, Cal., Jan. 4.—The Santa Fe westbound overland train, which arrived here at 9:05 yesterday, collided with the engine of a freight train near the depot and sustained great damage, the escape of the passengers was providential.

Caucused For Senator.

BOSTON, Jan. 4.—At a caucus of the house Democrats yesterday afternoon it was decided to nominate Hon. John E. Russell of Leicester for United States senator.

EDITOR ASSAULTED.

The Pollard-Breckinridge War Breaks Out Anew.

LEXINGTON, Ky., Jan. 4.—Yesterday afternoon at 4 o'clock John T. Shelby, the law partner of Colonel Breckinridge, assaulted Editor Charles C. Moore of The Blue Grass Blade with a cane, breaking it over his head. He then tore out a bunch of Moore's whiskers. George S. Shanklin, another lawyer and Breckinridge supporter, accompanied Shelby and looked on with apparent pleasure while Shelby assaulted the editor.

Moore published in his paper this afternoon an open letter to Madeline Pollard requesting her to go on the lecture platform with him, now that Colonel Breckinridge is lecturing. He said she had more sense than Breckinridge and all his lawyers, mentioning Shelby among the rest, and that she did not like all of them had done.

Breckinridge Not Making a Fortune.

BIRMINGHAM, Ala., Jan. 4.—The boycott of the Woman's Christian Temperance union and the threatening weather combined to reduce the audience that heard Colonel W. C. P. Breckinridge's lecture last night to about 200 persons. Mrs. Breckinridge was the only lady present.

Advise to Miners.

COLUMBUS, O., Jan. 4.—Patrick McBryde, secretary of the United Mine Workers, has issued a manifesto scaring General Secretary Hayes of the Knights of Labor for alleged partisanship by him in excluding the miners' delegates from the general assembly of the Knights of Labor at New Orleans. He refers to the fact that a committee has been appointed by the delegates excluded from the general assembly, and that they resolved to advise that no more tax be sent to headquarters and appointed a committee to take such steps as will reorganize the order on original lines.

As to the miners, no man is asked to leave the Knights of Labor, but to hold fast to their assemblies and be ready to take part in the reorganization.

An Express War.

TOLEDO, Jan. 4.—The contest between the American Express company and the United States Express company for the business over the Findlay, Fort Wayne and Western railroad, was taken into federal court here yesterday and an injunction was granted the American, restraining the other company from carrying matter over the road in question. The American has filed a petition for damages of \$2,000 against the Findlay, Fort Wayne and Western for the ejection of its goods from the latter company's trains at various points along the road.

Will Build a New Hotel.

CLEVELAND, Jan. 4.—It is said that John D. Rockefeller, the Standard Oil magnate, who holds a mortgage for \$650,000 on the Weddell hotel property in this city, has offered a cash bonus to the Weddell heirs above his loan for the property. If the deal goes through it is very probable that the present well known hostelry will be torn down and a magnificent new hotel erected on the site.

American Schooner Lost.

NEW ORLEANS, Jan. 4.—A dispatch from Minatitlan, Mex., reports the loss of the American schooner Catharina Minerva on the Mexican coast during the recent stormy weather. She came ashore bottom up at San Juan Point. All hands, consisting of the captain and four men, are supposed to have been lost. The schooner was bound for New Orleans with a cargo of mahogany logs.

Sullivan Drunk Again.

PARIS, Ills., Jan. 4.—John L. Sullivan's combination, known as "A True American," practically disbanded here last night. Sullivan made an attempt to give an entertainment at the opera house but could not stand on the stage without support. He was so abusive that seven members of the combination resigned their positions and the remainder departed for Monmouth.

Will Investigate.

SPRINGFIELD, O., Jan. 4.—The Ohio Southern is making a complete investigation of the cause of the disastrous and fatal wreck near Bainbridge. The train dispatcher here issued orders for the trains to pass at Spout's station, but the Greenfield office failed to deliver them. The signal light went out at a critical time, it is said. The loss to rolling stock is \$15,000.

Spreading Out.

AKRON, O., Jan. 4.—The Akron Street Railway company has filed a mortgage for \$600,000 in favor of the Central Trust company of New York. This is due to secure the floating of 8 per cent bonds, the proceeds of which are to be used in the construction of electric lines from Akron to Cleveland, a distance of 38 miles; Akron to Kent 12 miles, and Akron to Barberton.

Searching for an Alleged Embezzler.

VALPARAISO, Ind., Jan. 4.—A warrant was sworn out last night for the arrest of ex-City Treasurer George Schwarzkopf on the charge of embezzling city funds to the amount of \$18,800 while serving two years as city treasurer. So far he has eluded the officers and it is believed he has left the town. His bondsmen caused telegrams to be sent to all surrounding towns and cities.

Heavy Judgment.

INDIANAPOLIS, Jan. 4.—A judgment of \$108,918.79 was yesterday awarded against David J. Mackey, the railroad magnate, in a suit in the federal court. The complainant was W. N. Cromwell of New York, and the amount recovered was due as borrowed money to a Gotham brokerage firm.

TROUBLE IS FEARED

Steel Workers at Homestead Making a Kick.

COMPROMISE NOT SATISFACTORY.

A Number of Mills Have Already Shut Down and Others Likely to Follow—The Ore Handlers at Braddock Decided to Stay Out Almost Unanimously—Extra Precautions.

PITTSBURG, Jan. 4.—The trouble at Homestead is not ended notwithstanding the temporary compromise in the 119-inch mill. The temporary settlement was affected by the company agreeing to allow the men 110 tons a day, whether that amount was worked or not.

The men are inclined to kick over the traces, because, by the agreement, they would get pay for only 110 tons, even if 115 were turned out, and it is a question whether the night crew will accept the compromise which gives the shearmen's helpers \$1.60 a day, whereas formerly they earned between \$3 and \$5.

Aside from the trouble in the 119-inch mill a number of the others are shut down, because, the men say, not enough signatures to the scale have been secured. Superintendent Schwab, however, says enough men have signed to start all of the mills. However, this may be, certain it is that the 33-inch, the 35-inch and the 37-inch mills are all down. The workers say none of the 33-inch men have signed and only a limited number in the others.

At Braddock, where the ore handlers are on a strike, a meeting was held last night by the men and the committee which conferred with Superintendent Gayley. The company's ultimatum was made known and out of 400 men present, only six voted to accept it.

To anticipate possible trouble, should the company attempt to start any furnaces, the borough police force has been augmented by 20 extras.

Idle Miners.

PITTSBURG, Jan. 4.—Twenty-one coal mines in this district are idle, and it is probable that by the end of the week many more will have closed down. The miners refuse to work at the rates offered, claiming that they can not make a bare living. The situation is growing graver, and unless some compromise is arrived at there is fear of a desperate struggle between the operators and miners.

No Agreement Reached

PITTSBURG, Jan. 4.—The committee of Braddock strikers were closeted with Superintendent Gayley for over two hours yesterday, but failed to obtain a concession from the terms offered by the company. Mr. Gayley said that the men would be given until Sunday to accept the scale, and that in case of their refusal to accept now men would be put in their places at once.

CASE OF KIDNAPING.

A Man Steals His Daughter From His Divorced Wife.

WABASH, Ind., Jan. 4.—A bold case of kidnaping occurred here yesterday. Philip Scott of El Reno, I. T., came to Wabash and stole his 4-year-old daughter from his divorced wife. Scott married his wife in Kansas five years ago, and they soon after moved to El Reno. There he is alleged to have maltreated her, and she procured a divorce and the custody of the child, and was brought to Wabash by her relatives. Scott came here and charged his ex-wife with improper conduct.

Last Monday he assaulted William McClellan because of his jealousy, giving him a terrific beating. Yesterday morning he loitered about Mrs. Scott's home till the little girl appeared, whom he grabbed her and ran for the Big Four train southward. Officers are after him. Much excitement was caused by the kidnaping, and the mother of the child is frantic.

TWO BIG COMPANIES.

Articles of Incorporation Filed With the Secretary of State.

INDIANAPOLIS, Jan. 4.—Articles of incorporation of two big companies were filed in the office of the secretary of state yesterday. The Union Steel company of Alexandria was the first to be legalized. It has a capital of \$500,000 and is a union of the Depauw Steel company and the Bessemer steel works. It is the intention of the incorporators to build one of the largest steel factories in the country and to work at the beginning, 1,000 men, thus doubling the population of Alexandria.

The other company is the Madison County Belt railway, organized to encircle Alexandria and suburban villages. The latter's capital is \$150,000. The same projectors are behind both concerns.

Morals in Indianapolis.

INDIANAPOLIS, Jan. 4.—At the office of the board of health it is reported there are nearly 4,000 cases of measles in Indianapolis. The physicians have been reporting 40 and 50 cases a day for the last week, and the assertion is made that only one case in six is reported to the health department. The doctors say they do not know the cause of so many cases, but that it is the greatest epidemic of the disease for years. Two or three deaths are reported. None of the schools have been closed as yet.

Baby Froze to Death.

CLARKSBURG, W. Va., Jan. 4.—The 2-year-old child of George Watson was frozen to death while in bed with its parents. The feet of the father were also severely frost bitten. On account of Watson's ill health the family has become extremely poor, living in a small hut absolutely without the necessities of life.

SEVEN BUILDINGS BURNED.

A Kansas Town Suffers a Serious Fire Loss.

COFFEYVILLE, Kan., Jan. 4.—Seven 2-story brick buildings, including the new Masonic block, were destroyed by fire that started here at 4 o'clock yesterday morning. The loss aggregates \$105,000; \$60,000 of which is on buildings and \$45,000 on stocks. The aggregate insurance is about one-half.

A man named Easley, from the Indian Territory, was dangerously hurt by falling walls.

It was one of the most disastrous fires that ever befell the town, and for a time threatened to destroy the entire city. There are no waterworks nor fire companies here, and the flames had full sway for several hours, until the help came from surrounding towns.

The losses are divided among the following firms, who lose everything: L. A. Packer; F. M. Kue, druggists; the Bonanza drugstore; Richards and Lewis, merchant tailors; William Brist, shoe-store; Diamond barber shop; Joseph Haydeu's gunstore; half a dozen offices and the lodges of several secret societies on the upper floors were also gutted.

Brick Block Burned.

CLEVELAND, Jan. 4.—A new 4-story brick block on Lake street, owned by the Cleveland Gas Light and Coke company, was destroyed by fire last night. It was occupied by Bardou & Oliver, machine shop; W. E. Facer & Company, machine shop; C. E. Hiniger company, George Mittinger, metal spinning works and sanitary specialties; Burke & Company, small tools; and the Eastern Electrical Equipment company. The building was worth \$60,000 and the occupants probably suffered a loss of \$100,000 or more.

Insane Asylum Burned.

ANNA, Ills., Jan. 4.—A fire broke out at 1 o'clock this morning in the roof of the center building of the group of the three great buildings of the insane asylum at this city, and spread with great rapidity. The other two buildings soon caught on fire and all three were totally destroyed. The loss will reach \$300,000.

SEA CAPTAIN IN TROUBLE.

Serious Charges Made Against J. G. Graham of the United States Navy.

NEW YORK, Jan. 4.—Commander J. G. Graham of the United States navy is in more trouble. The president suspended him for seven years on half pay for insubordination and conduct unbecoming an officer of the navy. He was deprived of his number, and went into retirement.

Later he was appointed captain of the Columbia line steamship Finance. Now he is to be deposed, the chief reason is contained in a letter recently received from Colou, in which Commauder Graham is reported to have said while his ship was loading there: "I am no common merchant ship captain. I am an officer of the United States navy."

Captain Graham was interviewed on his arrival at quarantine yesterday regarding statements that he had made disparaging remarks concerning merchant ship captains at a dinner at Colou on board his ship. He denied emphatically that he had ever made the remarks attributed to him, and stated that there had been no dinner served on the Finanuco as described.

Commander Graham, upon his arrival, had his resignation asked for by General Newton, agent for the line.

TWO TRAMPS WHIPPED.

They Were Suspected of Robbing and Assaulting a Farmer.

WEST BROOK, Conn., Jan. 4.—Two tramps, members of a gang who have been robbing farmers in this section for the past two weeks, assaulted a farmer who refused to give them money.

Eight farmers last night went to the "Swamp" along the shore line track of the New York, New Haven and Hartford railroad, where the tramps made their headquarters in a dilapidated building, and surprised the gang.

Two were captured and dragged from the hut, stripped of their ragged garments and both tied to a tree. Then three farmers applied whips to the men's legs and backs. Both shrieked at the first cut, and kept on shrieking until 20 or 25 lashes had been inflicted. They were told that if they did not leave in 12 hours they could expect worse punishment.

Prisoner Recognized as a Crook.

NEWARK, N. J., Jan. 4.—The police here just learned that Theodore Finder, who was arrested in this city on Saturday night for complicity in a small robbery, is a well known crook, and is wanted in Cleveland for sandbagging and robbing a man of \$1,400.

Frederick Baker, who was arrested a day or two later here through the efforts of the New York police, has made a confession, in which he says that he was Finder's pal and that the latter is wanted in Cleveland.

THE Rev. Irl R. Hicks, in his forecast of the weather for January, says that it will be well to remember that the disturbing powers of Jupiter and Mars extend over the whole month. This means that there will be a remarkable predisposition to storms. As a rule the storms will appear at regular periods. On January 2 and 3, he says, there will be storms and on January 4 there will be another general change to colder weather. Storms of rain and snow will visit many sections on January 9, 10 and 11. These storms will be followed by a cold wave. Rain and wind storms will occur on January 19, 20 and 21 and January 25 and 26. Then will occur another period of cold, which will be followed by rain and warmer weather during the closing hours of the month.

MUNICIPAL MATTERS

Interesting Figures From the Annual Reports of the City Officials.

Suggestions by the Mayor—the New Police—Other Business Transacted.

The regular meeting of the City Council was held last evening in the court room, Mayor Cox presiding and all members present.

After the minutes of preceding meetings were read and approved, Mayor Cox read his annual report. He stated in regard to the enforcement of the laws that under the new order of things it had been difficult to meet all the requirements, but "with the assistance of the Police Judge, Chief of Police and City Attorney, decided improvement in the morals of the city is visible." The new charter places the police under the control of the Mayor, and he stated that the work of discipline, while not of frequent occurrence the past year, has been annoying. Affairs in this direction are however now more pleasant. He has not been compelled to require information in writing from any city officer, nor has he been called upon to place his veto upon any act of Council. In regard to the city's finances he said they have been most admirably managed the past year. Starting out with a deficiency and a long year (fifteen months) between collection of taxes, caused by charter changes, the city has managed to hold her own, and now has fair prospects of reducing her debt the coming year. The city's total indebtedness now is \$124,826, all of which bears 5 per cent. interest except \$20,000. The report favors retrenchment in several departments, especially in repairs to streets. Brick streets, he thought, could be undertaken at a much less yearly expenditure than under present arrangements. He suggested that the ordinances of the city be codified as soon as possible to conform to the new law, and that new ones be enacted where required. He closed with a statement that his books are open at all times for Council's inspection.

Accompanying the report was a statement showing amount of licenses collected the past year, as follows:

coffee houses	\$ 6,112.50
merchants	1,650.00
dogs	254.00
druggists	250.00
coal scales	112.50
carts, wagons, drays	473.50
carriages, buggies	131.75
boarding houses	22.50
billiard and pool tables	80.00
victualing houses	152.50
wholesale beer	200.00
coal oil	50.00

The City Physician's annual report was read and received.

City Treasurer Fitzgerald was allowed \$300 for collecting taxes.

The parties who lately got judgment against the city for fines assessed against them for offenses committed outside of the city limits, want their money.

The amount with costs is \$129.60 On motion their claims were referred to the Committee on Claims and Accounts with the City Attorney added, for settlement.

Judge Wadsworth suggested that the city should not be in a hurry in refunding these fines and costs as the Court of Appeals might decide that cities of the fourth class had the jurisdiction claimed.

City Attorney Chamberlain stated that the city could not appeal the cases to the Appellate Court.

A statement was read showing that Street Commissioner Hasson collected and turned over \$49.73 last month.

The matter concerning the late election on the stock question in Sixth ward was stricken from the minutes.

The water company was allowed \$18 in settlement of a claim of \$24 for water furnished at the Mayor's office past three years.

Mayor Cox stated that C. and O. officials had informed him that the electric alarm signals for Commerce and Lexington streets would be put in as soon as the weather permitted.

James J. Shackleford was refunded \$15 taxes improperly assessed against him.

E. T. Hunter was granted permit to erect a two-story frame, metal-roof tenement house on corner of Fourth street and Mulberry alley.

The City Treasurer presented a statement of delinquent taxes placed in his hands for collection, with amount collected and balance. Amount \$3770.85; collected \$272.74; balance uncollected, \$3,506.46.

The rules were suspended and an ordinance was adopted, amending the ordinance providing that the Treasurer perform the duties of collector. The amendment requires the Treasurer to make full settlement at the January meeting of Council for all tax bills placed in his hands during preceding year.

The rules were also suspended and an ordinance adopted requiring that after the Treasurer shall make his report for tax bills at the January meeting of Council, the Clerk shall reissue all such bills as have not been collected and list them with the Chief of Police for collection, whose commission for collecting such delinquent taxes was fixed at 15 per cent.

Liquor licenses were granted to the following:

SEMBLANCE OF MARTIAL LAW.

Sacramento Trying to Rid Herself of Tramps and Criminals.

SAN FRANCISCO, Jan. 4.—The people of Sacramento have determined to rid themselves of the horde of criminals and tramps, who have been holding a carnival of crime in the city for weeks past. Three brutal murders, the object of which was robbery, numerous murderous assaults to rob and innumerable burglaries have served to arouse the people of their danger.

At a meeting of the board of trustees yesterday it was ordered that all saloons be closed at midnight and not allowed to open until 6 o'clock in the morning; that the licenses of numerous disreputable sorts be revoked and that all known criminals and tramps be driven from the city by the police. The arrest of every man who has no visible means of support was ordered.

The police force has been increased by over 50 citizens, who volunteered to serve as special officers, and a still further increase will be made. The police have orders to arrest every man found on the streets after midnight who can not give a satisfactory account of himself. In fact, a semblance of martial law has been inaugurated. A citizens' committee of safety has also been formed, and it is intimated that a repetition of the reign of early California vigilantes may follow if the outlawry of the past few weeks does not cease.

CONSPIRACY CLAIMED.

Two Chinamen Released but Two Others Were Arrested.

CHICAGO, Jan. 4.—For several days two Chinamen, Hong Sling and Ah Hong, have been on trial before Judge Tuley charged with arson. They were accused of burning their store for the purpose of getting \$8,000 insurance, which they carried on the stock.

Yesterday afternoon Judge Tuley took the case from the jury, directing it to return a verdict of not guilty, and then ordered the arrest of Ah Lee and Sing Wah, the two witnesses for the state, for perjury. He also ordered the arrest of Fred G. Cowie, who claims to be a fire inspector, for perjury and conspiracy in procuring the indictment of the two Chinamen. Warrants were issued for the arrest of Ching Tin and Ching Linn, who are charged with swearing falsely before the grand jury.

Livestock Killed in a Wreck.

LOVELAND, O., Jan. 4.—A large freight wreck occurred at No. 2 bridge, about two miles east of Loveland, at 2 a. m. Thursday on the Baltimore and Ohio Southwestern railway. An "extra west" was coming down the grade at full speed, when a truck broke and derailed 17 cars. They were piled up on the bridge, but did not go down. All trains going east of Loveland had to take the Panhandle tracks. No one was injured, but 50 hogs and a lot of sheep were killed.

Aiding the Nebraska Sufferers.

PLYMOUTH, Ind., Jan. 4.—The citizens of this city yesterday shipped a car-load of merchandise to the Nebraska sufferers, the destination being Lexington, Dawson county. The car contained several hundred suits of clothes, three tons of flour and oatmeal, many bushels of vegetables, and a large amount of old clothing and provisions. The business men of the city also raised several hundred dollars in money, which will also be sent to the same address.

Duel With Sabres.

NICE, Jan. 4.—A desperate duel with sabres has been fought between two Italian officers, Tojani and Vergori, near the French front court. The fight lasted an hour, at the expiration of which time Vergori was killed by a cut on the right side of his neck, which severed the carotid artery. Tojani was so severely wounded that he is not expected to survive the night.

Patrolman Shot and Killed.

CHICAGO, Jan. 4.—Patrolman Edward Duddles of the Larabee street station was shot down and instantly killed last night by a burglar whom he was attempting to place under arrest. The officer met two burglars coming out of a residence on Division street, and when he called upon them to halt one of them shot him through the temple, killing him instantly. The intruder escaped.

Banquet to Lady Somerset.

BOSTON, Jan. 4.—The Woman's Christian Temperance union last night gave a grand reception and banquet to Lady Henry Somerset at music hall. There were 750 people present. Mrs. Susan S. Fessenden, head of the union, presided over the ceremonies. Frances E. Willard and Mrs. Annie Hicks of London were also guests at the banquet.

Shot Down on the Street.

ST. LOUIS, Jan. 4.—Yesterday afternoon George Lampkin, a meat seller, was shot down on the street and killed by J. S. Reap, another meat dealer, who fired two shots into his victim. Reap gave himself up, and was placed in jail. Alleged illicit relations between Lampkin and Reap's daughter, in addition to trouble Reap subsequently had with his wife, preyed upon the unfortunate man's mind, and the tragedy resulted.

Election in Georgia.

ATLANTA, Jan. 4.—The interest in the county elections throughout Georgia was slight and the returns are coming in slowly. The result in the state shows heavy Democratic gains in all counties. Many counties, which were strongly Populist in the last two elections, returned to the Democratic fold.

Ex-President Peixoto Dying.

NEW YORK, Jan. 4.—A special to The World from Montevideo, dated Jan. 3, says: Ex-President Peixoto is sinking. He has received the last sacrament it is reported, and it is expected that he will die during the night.

Greater Than Reported.

CITY OF MEXICO, Jan. 4.—The earthquake which occurred Wednesday night, has caused greater damage than reported. The National theater was again damaged, as was other valuable structures.

COLD DRAUGHTS OF AIR.

A Very Simple Way of Avoiding One of Winter's Gravest Dangers.

[Exchange.]

As the season is now on when the cold, the thin-blooded and those whose rheumatics always are in evidence when the glass is in the neighborhood of 30 degrees start in to look about for draughts in the house. Several weeks ago, in the fall of the year, says a writer in the Boston Transcript, I was sick for weeks, and when at last was able to sit up in my sitting-room, which faced the northwest, during the daytime, and wishing to see the passers-by, I had a place near a large window. The room had an open grate, also furnace heat, and the thermometer easily registered 70 to 75 degrees, but with all this warmth there was a draught—as I thought—on my head and neck. Every one said the cold air came in at the window sash. I sent for the weather-strip man, and, of course, he discovered—or thought he did—the cause, and put on his rubber molding, so that the sash when closed was tight. "Now," he said, "you will have no more trouble in that direction."

The next cold snap the same old gale of wind appeared. When my doctor came I spoke to him in regard to it, when he informed me that it was not the cold air from the outside that I felt, but the warm air of the room, which went to the top of the window, struck the cold glass, cooled and then "fell down" as the cold air would not have been air tight. He then said: "Drop your curtain about a third and keep it there" I did as he directed and then the gale stopped, and I had no trouble after that. He told me that the same trouble existed in most houses, even those that were well heated in the halls and chambers, the heat going to the top, cooling and falling back, so that one coming from a warm room downstairs and going up would think that there must be windows open above. Of course double windows would remedy this cooling off process in the rooms, but with the curtains down a little they prevent the instant cooling of the warm air, and these "draughts" are about during the day more than at night and always less in the room where there is a lamp. Why? Simply, when you light your lamps or the gas, you draw down the shades and the heat does not strike the cold glass.

HELENA.

D. D. Peck was in Cincinnati this week. Isaac Keith will move to Wedonia in March. H. R. Glasecock and family, of Mt. Carmel, visited relatives here last week. Editor Griffin is now carrying the mail from Wedonia to Helena Station, via A. D. Bettis.

William Calvert and wife and baby, of Telleboro, are visiting friends and relatives at this place.

Helena is on the boom. By the opening of spring a large drug store will be built and started by a company. Firm name Dixson, Crain & Co.

WEDONIA.

Everybody who has ice houses filled them this week.

Samuel K. Proctor, of Millersburg, is visiting relatives here.

Mrs. Mary Saffield, of Virginia, is visiting relatives and friends here.

Miss Nellie Weedon, of Flemingsburg, is the guest of Miss Annie Cook.

James M. Walker, Jr., who is attending school at Columbus, Ohio, spent Xmas week with his parents here.

Professor Flockenberry's entertainment was well attended Tuesday night. He will begin a singing class in Helena in a few days.

S. G. H. Cord and wife, who left several weeks ago for Hazard, Ky., spent the holidays in Carlisle and Bethel and returned home Wednesday night.

The Flemingsburg and Maysville bus passes this place regularly every day, going to Maysville at 7:30 a. m., and going to Flemingsburg at 4 p. m., standard time.

Miss Nannie Boswell, who has been visiting friends here the past week, returned home Wednesday morning, to Shelbyville, accompanied by her best fellow as far as Lexington.

MAYSICK.

The beautiful snow still continues.

Mrs. J. A. Jackson and son have returned home from Bourbon.

The present snow fall is variously estimated at from 12 to 15 inches.

All who have ice houses have filled them with ice from four to six inches thick.

The little son of J. A. Jackson is quite poorly with a cold, and threatened with pneumonia.

It has been many years since we had such fine sleighing, and the young folks are enjoying it.

Prof. W. R. Chandler opened his school again last Wednesday morning with an average attendance.

The Christian Endeavor gave a pleasant social at the residence of Mrs. Wells, Sieleau Station, last Thursday night.

The Maysick Christian Church very kindly and generously remembered their preacher, F. M. Tindel, and his family on New Year by a donation of things substantial and good. They are very happy and grateful over the event which begins their seventh year in this pastorate.

Brown's Iron Bitters

They point a way to relief and health, and they are genuine!

SWIFT WATER, TEXAS.

For twelve long years I was a great sufferer from kidney and other troubles, and at times was confined to my bed. I tried a number of medicines recommended by physicians without receiving the least benefit. Then I gave Brown's Iron Bitters a trial, and two bottles brought me off my back. Today I am well and hearty. W. T. COOK.

Then this:

TEN BROOK, TENN.

After being under the care of a physician for eight years, I was recommended taking Brown's Iron Bitters with the result that I am entirely cured. It is the best remedy I have ever taken, and I certainly wish that every woman suffering as I did could know its value.
